

News of the Woman's Clubs

It would seem to be no limit to the activities of the various women's clubs this year. From the most common to the most unusual, they are doing, not alone in the city, but in the state, and in some cases, in the nation. The greatest degree of activity is to be found in the city of San Francisco, where the municipal dancing pavilion, which was opened on week days, has been the scene of the most enjoyable pleasures of the season. The proper conditions of Sunday, and they quite shocked the city. What was considered as a conservative stand in the past, is now being taken up by the women, who are now taking up the cause of the establishment of cooking schools, and are now taking up the cause of the establishment of a series of "household economies" for girls who come to the city. The women themselves are organizing in grace, in physical, in political, in economic, in social, in every kind of training and in every kind of training.

AMOUNT OF RANSOM DEMANDED UNKNOWN

PEKIN, Oct. 4.—The American missionaries at Fan Cheng, in reply to an inquiry from Edward T. Williams, American charge d'affaires here, telegraphed today that the amount of the ransom demanded by the Chinese brigands at Tsao Yang for the release of the American and Norwegian missionaries in captivity is not yet known. The Rev. C. Stokstad and the Rev. Mr. Johnson, who went toward Tsao Yang to communicate with the brigands, have not returned to Fan Cheng.

A dispatch from Hankow says that the brigands at Tsao Yang number 2000 and the government troops surrounding them total 3000 men. General Li Yuen Heng, vice president of the Chinese republic, believes his force will be sufficient as the brigands are undisciplined and poorly organized. The government troops are equipped with a battery of machine guns.

Will Recognize China.
ST. PETERSBURG, Oct. 4.—The Russian government today agreed to join with the other powers in recognizing the Chinese republic on October 10.
